

segue.atlas.uiuc.edu

The screenshot shows the main interface of the Segue website. At the top left is the 'SEGUE' logo. On the right side, there is a blue 'log in' button and a login form with fields for 'Login:' and 'password:', and a 'GO' button. Below the login form are links for 'Forgot your password?' and 'Visitor Registration'. On the left side, there is a 'Links' section with 'ATLAS', 'LAS', and 'UIUC' listed, and a 'Site Listing' link. The main content area has a 'SEGUE' header, followed by 'Segue Website Service' and a welcome message. It includes a link to 'Segue news and support information' and a section for 'Useful UIUC Password Links' with links to 'Guide to UIUC Passwords' and 'Change your UIUC Active Directory Password'. At the bottom of the main content area, there is a disclaimer about the service being provided by ATLAS.

INTRODUCTION

What is Segue?

Segue is a way to publish simple websites without special software or writing HTML. Segue is offered to anyone in the UIUC community.
